Awards

Temple University Japan Campus · Ted Mills Computer Information Systems Business Venture Competition — 2012
Got 1st Place.

Temple University Japan Campus · Asian Business Venture Competition — 2011
Got 1st Place.

Projects

SocialBook — Nov. 2017 to Current
- Normalized Redux state shape by giving each type it's own "slice" of state thus reducing complexity and duplication of information.
- Improved scalability through cloud image storage with AWS.
- Integrated news functionality which fetches news from News API.
- Utilized BCrypt to securely encrypt passwords for user authentication.

Saviors — Nov. 2017 to July 2018
- Utilized vanilla JavaScript for overall structure and game logic.
- Incorporated HTML5 Canvas for fluid animation.
- Integrated FireBase JSON/NoSQL database for user and score storing as well as retrieving of the scoreboard.

DomQuery — Nov. 2017 to Dec. 2017
- Executed native DOM API which managed core manipulation of the DOM elements and event handling.

Employment

Don Karpov — NY, NY
Wedding Videographer — 2016 to 2016
- Coordinated scheduling for onsite preparation for the church and venues.
- Ensured equipment was in top condition before each wedding event.
- Produced short videos for clients regarding memorable events occurring in their wedding.

NES Language Schools — Tokyo, Japan
Business English Instructor — 2013 to 2014
- Instructed CEOs and COOs from world-renowned Japanese companies in business-level English.
- Taught students various aspects of Western business etiquette as it pertains to professional interactions in the United States.

Embassy of the United State of America, Agricultural Trade Office — Tokyo, Japan
Foreign Agricultural Service Intern — 2011 to 2012
- Assisted with the development and implementation of marketing strategies aimed at improving business conditions for U.S. agricultural companies in Japanese markets.
- Supported the U.S. Embassy at major international trade shows to promote American agriculture in Japan including the Supermarket Trade Show and FOODEX.

Education

App Academy — 2017 to 2017
1,000-hour coding bootcamp with an acceptance rate under 3% .
